

Husqvarna Automower® 410XE NERA

Husqvarna Automower® 410XE NERA is a robotic lawn mower for lawns up to 1000 m². It comes with an EdgeCut function that minimises the need to trim the edges of your lawn, saving time and effort. 410XE NERA offers the option to choose installation with physical boundaries or wire free installation with Husqvarna EPOS™. EPOS™ lets you experience complete flexibility with virtual boundaries, enabled through satellite-based technology with 2-3 cm accuracy. This also means there is no risk of wire breakage. Thanks to the integrated Zone Control feature, you can tailor the lawn to your needs and create several work areas with different settings via the Automower® Connect app. Just as easily, temporary stay-out zones can be created to preserve seasonal wildflowers or garden project areas.

The mower detects and avoids objects, which provides precise cutting and reduces the risk of impact and unplanned stops. With the Automower® Connect app, you can monitor your mower from anywhere in the world

and integrate it with your smart home. Send commands, view, and change your mower settings and receive notifications for complete lawn control.

Specifications

Cutting System

Cutting system	2 discs with 3 pivoting razor blades
Cutting height max	55 mm
Cutting height min	20 mm
Cutting width	22 cm
Cutting height adjustment	Electric
Skid plate	Yes
Dual cutting direction	Yes

Capacity

Area capacity	1,000 m ²
Maximum slope performance at boundary	11 °
Maximum slope performance at boundary	20 %
Maximum slope performance inside installation	30 %
Max active time	17 h
Search system	Pentasearch
Follow guide	3
Charging system	Automatic

Product data

GTIN-13/EAN	7333377093102
Colour	Grey
Sound level perceived	60 dB(A)
Protection Index (IP Code)	IPX5
Battery capacity	5 Ah
Charging current	2.2 A
Typical mow time on one charge	100 min
Mean energy consumption per month at maximum use	13 kWh
Battery type	Li-Ion
Handle type	Integrated
Brand	Husqvarna

Control

User Interface	Jogwheel, display and status LED:s/App
Display	Color Display TFT 2,8" QVGA
Schedule	Yes
Connectivity	Bluetooth®, Cellular, Wi-Fi
App controlled	Automower® Connect
Smart Home integration	Yes
Firmware Update	FOTA

Overall dimensions

Packaging height	343 mm
